

Optional Feedback Form – 3Q Proactive Event

Four Easy Steps to Provide Feedback

Would you like to provide the IIFLT with your Feedback?

1. Discuss the Week 6 Topic – Personal Decisions.
2. Ask if your work group would like to complete a feedback form to represent how the proactive event has influenced your work group, crew, or as an individual.
3. Fill out the form and send to the [IIFLT email box](#) (or mail to IIFLT, 214 Main St. #156)
4. The form can also be completed by individuals representing their own personal experiences.

Desired Outcome: Provide an option for individuals and groups to feedback and share their personal stories related to Hazard Identification, Risk Recognition, and the 3Q Proactive event.

Feedback Questions:

1. The things that we as a group (or I as an individual) have done to prevent all losses in our community.

2. How are the discussion topics helping you to build your Hazard Identification and Risk Assessment toolbox?
